

# How We MONITOR

## Our Backyard "Blues"

by Jack Griggs and Cynthia Berger

■ The Importance of Monitoring — For Nesting Success and for Science . . . . .	22
■ Before Bluebirds Return — Late Winter/Early Spring . . . . .	24
■ Courtship and Nest Building — Boxes Are Claimed . . . . .	25
■ Egg Laying and Incubation — Life Begins Anew . . . . .	28
■ Nestlings Emerge — Young Birds Develop . . . . .	33
■ Fledging — First Flight . . . . .	40
■ Post-Fledging — Getting Ready for Winter . . . . .	44

### Keeping Records

An important part of nestbox monitoring is keeping good records.
